From The Desk of The Principal

In the present scenario, we Vidya Vikas Universal Junior College has started with the pandemic situation which stood up in front of us in the month of March 2020. Circumstances were different and it was a very difficult time for everyone. But we had to be prepared to take life ahead with all our normal activities according to the new normal and hence our organization has stood firm during this time and we began with our Virtual Lectures from 4th May 2020 along with which we began to conduct Virtual Events and various Competitions for the students which lead to academics as well as holistic development of our students. Taking into consideration of the pandemic situation, our organization had followed proper safety measures during the admission process by maintaining social distancing and providing sanitization facilities in the college. COVID-19 with its sudden upheavals has changed our routines and lifestyles. However, the importance of education remains consistent. Our organization planned to conduct online examinations for the students which helped them to keep going with their curricular development. Our organization

even encouraged peer learning through the social media with their teachers. We foster to imbibe digital skills, one of the most important literacy skills of the 21st century. We believe that this is the time not to just deal with the current emergency, but also build foundations of resilience to face such difficult events in the future. Let us consider this challenge as an opportunity. The COVID-19 Pandemic should not lockdown the aspiration of our young generation.

Our organization is committed to providing you with an outstanding education that is current, relevant and meaningful in today's dynamic and rapidly changing global marketplace by having a holistic blend of human touch with technology.
