Our Founder

Mr. Sudhir Madhavji Lall
Founder

Universal Education was founded by the guiding spirit of our patriarch, Shri Sudhir Madhavji Lall, who laid the foundations of UE in 1968 and built it from scratch into one of Mumbai's largest and most reputed private educational institutions. He was a visionary of great ideals, but retained a lifestyle of simplicity. He conducted himself with total dignity and impartiality. His values, vision and goals were simple to lead by love, by trust and by example. During his professional career, Shri Lall championed many causes, but none so fiercely as educational reforms. Unfortunately, he left for heavenly abode on the 1st Sept, 2002. His son, the chairman of the institute, Shri Jesus Lall has, since then strengthened UE, transformed it and ensured its growth in keeping with his father's dream.

Scheme of Examination

University of Mumbai has implemented the Choice Based Credit and Grading System since 2011-2012. The Scheme has seen many changes since its inception. The Choice Based Credit System as applicable 2016-2017 is as given below.

Before we proceed to explain the examination scheme, a Learner (student) must understand the terminologies used:

Program:

A Program is a set of courses that are linked together in an academically meaningful way and generally ends with the award of a Certificate or Diploma or Degree depending on the level of knowledge attained and the total duration of study. Traditionally, B.A., B.Sc. and B.Com. are referred as Degree's and will now be referred to as PROGRAMS.

Course:

The term "COURSE" under the Credit System corresponds to the word 'SUBJECT' used currently. For instance, subjects like Accountancy & Financial Management, Business Economics, Foundation Course, Commerce etc. included under the B. Com program would now be called 'Courses'.

Module and Unit:

A course which is generally an independent entity having its own separate identity, is also often referred to as a 'Module'. A module may be studied in conjugation with other learning modules or studied independently. A topic within a course is treated as a Unit.

Credit Point:

Credit Point refers to the 'Workload' of a learner. It is an index of the number of learning hours deemed for learning of a certain segment. These learning hours are broadly classified into hours spent on attending actual lectures / tutorials / laboratory work /seminar etc. and notional hours spent on reading, reflecting, discussing, attending counselling sessions, watching especially prepared videos, writing assignments, preparing for examinations, etc.

1 credit point corresponds to 30 to 40 learning hours. A single course may be assigned between 2 to 8 credit points taking into consideration no. of hours it would take for a learner to complete a single course successfully. The learner is said to have earned the credits on successful completion of the course including the evaluation.

Semester System:

The program (Degree Course) of three years duration is divided into six terms of approx. 6 months duration called semester. Every semester will have number of courses (subjects/papers) that a learner will have to offer. Each course subject) will be assigned certain number of credits. Learner will be assessed continuously during the Semester and evaluated at the end of the semester. The results will be declared at the end of every semester. Credits will be earned by the learner on successful completion of the course.

Choice Base implies that the learner has the choice to select the subjects that he/she would

like to learn within the prescribed time period and the program parameters. Say for example a learner who wants to major in Accountancy wishes to study History may be permitted to do so under the Choice Based System.

Examination Scheme (Refer University Circular No. UG / 80 / 2016-17 dated 15th Oct. 2016)

A learner will be said to have passed the course if the learner passes the Internal Assessment & Semester End Examination together.

PERFORMANCE GRADING:

Under the CBCS, the learner will be issued a grade sheet. The marks obtained by the student will be converted into grades and based on the credits allotted to the course and the grade obtained by the student, the overall grade will be calculated, and grade sheet will be issued to the learner. The 10-point grading system, as applicable, is given below:

A learner who does not appear i.e. remains absent in some or all the courses on medical grounds or for representing the College / University in sports, cultural activities, activities of NSS, NCC or sports training camps conducted by recognized bodies / competent authorities or for any other reason which is considered valid under exceptional circumstances and to the satisfaction of the Principal or the Head of the Institute.

Also, a learner appearing for the repeat examination as ex-student may be permitted to appear for the additional Internal Assessment and Additional Semester End Examination conducted for the failed or the absent learner even if the learner does not register/appear at the regular examination conducted for such repeaters. Say for e.g. A regular learner of F.Y.B.Com. program of 2011-2012 under the SBCGS has failed in two courses after appearing for the regular and additional examination held in academic year 2011-2012 is now eligible to appear for the examination of the failed courses at the regular examination conducted along with the regular student of F.Y.B.Com. for the academic year 2012-2013. For some reason, this learner does not register for this regular examination. As he has not registered for the regular examination, the learner is not eligible to appear for the additional examination. Thus, losing a chance to appear for the examination and thereby losing a year and hence to prevent the loss of academic year of such a student the student may be permitted to appear for the additional examination without registering for the regular examination.

It is not the right of the learner, who has failed or has remained absent, to appear for the additional examination without fulfilling the norms prescribed by the Head of the

Mode of Conduct of Semester End Additional Examination:

There will be one additional examination for Semester I, II, III and IV only for those who have failed or remained absent.

Career Guidance Programme

The process of career guidance for students involves helping them to achieve their identified career options or acquiring their professional goals. A proper career guidance would help a student choose the right stream in 10th class, what entrance exams he should prepare for, which colleges to seek admission in and what scholarships are available for him. The role of a career guidance expert ranges from acting as a guide to leading the entire course of action.

Career Orientation Programme

India is an emerging academic hub for variety of courses and career options with international connections with the leading universities at the global level. Indian students are now having plenty of career options and hence often students get confused about the selection of right career option.

We at VVUC are aware of the student's mindset and we are always eager to help them. We try to help students to select their career very effectively.
